

**Air Cargo Equipment** is a certified FAA and EASA Part 145 Repair Station that specializes in the repair, overhaul, and sales of On-Aircraft cargo systems and parts. We service and sell Goodrich, Ancra, Telair, and many other cargo systems.

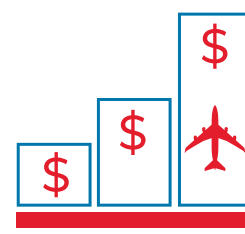

#### Stock An Extensive Inventory

Air Cargo Equipment has over 10,000 lines of ready-to-ship inventory. We stock entire aircraft systems, components, or piece parts to finish your repairs.

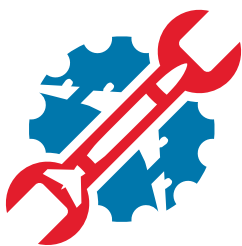

#### Prompt Repair

We offer one of the fastest turn around times in the industry without sacrificing quality. Our dedicated team is focused on meeting and exceeding your expected TAT on a consistent basis.

#### Cost Savings

We will save you money on your cargo repairs due to our small company size, efficient team of mechanics, and low overhead.

Our warehouses have a large inventory of parts, components, and complete cargo systems in stock and ready to ship. We have focused our services on cargo components. This allows us to continually improve and become more efficient, focusing on one product line. Our inventory also includes piece parts available to shops that just need support in their repairs.

#### We provide the following services:

- Repairs
- Overhauls
- DER's
- Exchanges
- Sales
- Pre-Positioned inventory
- Consignments
- Aircraft cargo system troubleshooting and consulting services
