

MRO & DER REPAIRS

We offer comprehensive solutions regarding repairs, MRO, and DER major repairs with **AVI**, **Cargo Repair**, **Cobalt Aero Services**, and **Innodyne Systems**.

With the divisions of **AVI**, we offer service capabilities including DER major repairs for inflatable rafts, MRO capabilities for slides, rafts, accessories, life vests, and repair of your survival products.

At **Cargo Repair**, we manage your repair, overhaul, and inspection needs for cargo loading system components.

Under **Cobalt Aero Services**, we provide maintenance, repair, and overhaul of nacelle cowlings, thrust (fan) reversers, and other aircraft structural components for military and commercial aviation.

Innodyne Systems specializes in composite and metallic structures as well as electrical/electronic components. This includes flight controls, doors & fairings, radomes, wing leading edges, nacelles, engine exhaust and various mechanical assemblies, cockpit control panels, control units, position transmitters, junction boxes, drain masts, power supplies, and wiring harnesses.

UNIQUE SOLUTIONS

SOURCING

We are looking to source your inventory with part packages, teardowns, and more. **First Class Air Support** is ready to add new inventory types, covering everything from nose to tail. **AVI** is ready to source evacuation slides, rafts, and accessories. **Cobalt Aero Services** is ready to source your larger components.

TEARDOWN

First Class Air Support handles your fleet's teardowns with our end-of-life aircraft disassembly capabilities. We support your requirements by offering onsite and in-house solutions.

CONSIGNMENT & INVENTORY MANAGEMENT

Let us help you generate additional revenue streams with our consignment program through **First Class Air Support**. With our vast network and knowledgeable sales team, we are ready to move your inventory. We also provide inventory management solutions with **Cobalt Aero Services** saving you time and money.

LOAN & EXCHANGE PROGRAMS

Enjoy first-class service levels with **First Class Air Support** as we deliver customizable exchange programs based on your real-time requirements. We also support your rotatable needs with **Cobalt Aero Services** loan and exchange programs that will keep you operational.

DISTRIBUTION

With **First Class Air Support**, we have your distribution needs covered with over 2M parts, the largest selection of aftermarket system components in the commercial industry. **First Class Air Support** is also one of the few PMA piece part component distributors for freighter aircraft. Through **Cobalt Aero Services**, we are a major distributor for nacelle cowlings, thrust reversers, and larger components, with inventory worth over 1.7M available.

MANUFACTURING

Through the innovation of **AVI** we offer cost-effective alternatives to OEM parts with our PMA cylinders, reservoirs, and life vests. Through our parts manufacturer approval (PMA) program, we eliminate the need for you to rely on after-market parts or the more expensive OEM alternatives.

With more than 50 years of aviation and marine life raft servicing, **AVI Survival Products** is a recognized brand name in OEM survival products. We manufacture FAA TSO-C13g approved life vests, FAA TSO-C70a and C70b Type I and II life rafts. We have certified repair stations worldwide.
