

# 65 Passenger Life Rafts

AVI Survival Products is proud to introduce the 65 Passenger Raft. This new raft includes a variety of features to save you money, and is easy to implement into your current life raft setup.

- Supports your existing raft configurations – eliminating the need to make any configuration updates.
- Reduces the number of rafts required on your existing aircraft
  - Resulting in less weight (an average of 96 pounds less)
  - Reduced fuel cost as a result of less weight
  - Reduced inventory with fewer stock requirements
- 65 passenger raft comes with an extended repair cycle of 5 years over 3 years, resulting in reduced overall maintenance costs with a longer repair cycle and fewer rafts that require maintenance
