

# AVI SURVIVAL PRODUCTS LIFE PRESERVER U900

## Adult/Child Life Preserver (Passenger & Crew)

### GENERAL INFORMATION

Stay safe and comfortable during any emergency with the AVI Survival Products U900 Life Vest approved to FAA TSO-C13g conformity. Its one-of-a-kind design is a great choice for both children and adults over 35 lbs. The flexible design has an open collar for ease of donning and should be placed over the neck and shoulders of the wearer. The U900 Life Vest features adjustable waist straps designed with a single attachment and one adjustment point. The inflation of the life preserver can be accomplished via the installed CO2 Cylinder or the Manual Oral Valve. A water activated Locator Light is installed for maximum visibility.

The U900 Life Vest is available in a 5 or 10-year interval of inspection pack. Customizable pack sizes are available to accommodate aircraft stowage locations.
