## SPECIFICATIONS

AVI Survival Products 4 Person Life Raft are the lightest and smallest rafts in the Survival Products line up. The NON-TSO Life Rafts are a great choice for those who fall under the Part 91 Category and for those pleasure boaters wishing to feel at ease if an emergency arises at sea.

This life raft series is constructed with Urethane coated Nylon Fabric using thermo bonding technology. Each raft includes the following: stabilizing Water Ballast system, hand pump, bailing bucket, sea anchor, secured life-lines on the exterior perimeter and interior, and an inflation/retaining line that is attached to a high strength patch on the raft to prevent drifting and a water activated locator light. Aluminum cylinders and valves are added to reduce corrosion while packed and in use. The Soft-Pack Valise is made of heavy-duty polyester fabric with secured Velcro closures for a tightly packed raft.

These rafts are engineered to reduce overall weight and deliver a compact design for easy transport and stowage for any aircraft compartment. AVI life rafts come with a 3-year warranty on parts and labor.

PART NUMBER	DESCRIPTION	PACK SIZE	WEIGHT
<b>1400B-1</b>	4 Person Basic	14" x 13" x 6"	14 lbs
